### AN EVENING WITH CITY DADS

The council held its weekly session last evening, and went through the usual routine.

A batch of claims were allowed and another presented by W. T. Chambers for damage done his crop by cattle breaking into his corn field when the pipe line was being constructed, was referred to the water committee. The council was of the opinion that the claim was properly a charge against D. T. Johnson, the builder of the line, and not against the city, and had a doubt about the authority of the council to step in and take action at this time.

The report of the sanitary officer was read in which it was stated that he had inspected a number of alleys and had notified property owners to clean up and also to connect with the sewers. However, he recommended some leniency with those who are financially unable to pay for the connection. He also mentioned the fact that the hog ordinance is still a bone of contention. It had been agreed that a test suit should be tried in order to determine the validity of the ordinance. City Attorney Webb explained that while that had been considered, the party against whom the complaint was to be sworn out had finally decided that the city probably had the best of it, and would petition the council to suspend the operation of the ordinance until it could be voted on by the citizens of the town. This brought Alderman Ellison to his feet, and for about five minutes he expressed his opinion of temporizing with those who treat the city ordinances with contempt. He saw no reason why the officers should ignore the orders of the council and demanded to know why the violators of the hog ordinance and others were not proceeded against. City Attorney Webb replied that he had never failed to prosecute any case in which a complaint had been sworn to and was ready to do so in any case now.

An ordinance was presented vacating a strip of a few inches on 12th and Townsend, but Alderman Timberlake voting in the negative, killed the emergency clause, and the matter had to go over until next meeting.

The water superintendent's report showed that over half the water consumers of the city were delinquent on the 10th, and in accordance with the orders of the council, they had been cut off. Some had turned the water on

themselves and without settling up their back accounts. The council approved of the action of the superintendent, and to impress on the water users that the ordinance will be enforced, it was ordered that notification be given on printed slips to be enclosed with the bills.

#### Mexicans Engage in Another Battle.

Laredo, Tex., Sept. 18.—Telegraphic advices tonight report a serious battle near Camargo, Mexico, yesterday between adherents of the socialist agitator, Ricardo Flores Magon, and Madero forces regarding the federal government.

The Magonistas were defeated with a loss of twelve men killed and twenty-three horses captured by the Maderistas. The Maderistas had three men killed.

As no mention of wounded men is contained in the latest dispatches, it is presumed the combat was one of "no quarter."

The affray did not occur in the town of Camargo, as at first believed, but in the country near the village, and the city of Mier, both of which are situated on the Rio Grande.

A rumor is afloat in Laredo that Reynosa, down the river from Camargo, has been captured by the Magonistas. As the telegraph office at Reynosa is closed for the night, no confirmation or denial can be obtained.

### WANT MCALESTER TO CALL SPECIAL SESSION

Oklahoma City, Ok., Sept. 18.—It became known today that members of the Legislature have been urging Acting Gov. McAlester to issue a call for a special session of the legislature during the absence of Gov. Cruce, representing that the readjustment of the state for congressional districts was of vital importance to the democratic party. Members of the Oklahoma City administration have asked that if a session is held certain features regarding municipal governments be included. The Acting Governor made no public announcement as to what his course would be.

Democrats fear that the state would be thrown into political strife from which the party would suffer, and point to the situation in Arkansas two years ago when the Acting Governor issued a proclamation during the governor's absence. In such an event, it is held, the proclamation would have all the force and effect of law.

Clerks in the executive office say they have not heard from Gov. Cruce

since his departure early in the month. He is expected to reach the state border, however, tomorrow or next day.

#### Enforcement Officer Has No Snap.

Special officer Ed Brents is spending two weeks with his family and getting a little breathing spell from his strenuous labor of chasing bootleggers who insist on plying their trade on the Indian reservations of the northwest. One of his recent exploits was to put fifty-three dispensers of wet goods in jail at Reno, Nevada, fifty-two of whom entered pleas of guilty.

It has been only a short time since ex-Mayor Brenton of Des Moines, Ia., was raided and his saloon on a South Dakota reservation confiscated and Brenton himself sent to the pen for a term of three years. An ex-sheriff was in Miner county, South Dakota, was also sent up for a term. About the most strenuous time Mr. Brents ever had was with a whole town in Minnesota about a year ago, where he gathered in and shipped out nine cars of booze besides jailing a whole bunch of illegal sellers.

#### CLERKS OF ADA

##### ORGANIZE UNION

C. C. Zeigler, president of the state federation of labor, perfected the organization of a clerks' union last evening. The charter was applied for some days ago and has been received.

About thirty members have already joined the union, and a number of others have signified their intention of doing so at once. It is probable that more would have been on hand last evening but for the threatening weather.

The following officers were elected: J. W. Barron, president; J. A. Biles, vice president; J. B. Emory, financial secretary. Mrs. Lula Barnett, treasurer.

#### RUSSIAN PRIME MINISTER DIES OF WOUNDS

Kiev, Sept. 18.—The Russian Premier, Peter A. Stolypin, died tonight from bullet wounds received at the hands of an assassin during a gala performance at the Municipal Theater Thursday evening. The official time of his death was announced as 10:12 p. m. (3:12 p. m. New York.)

Almost until the last the Premier was conscious and for half an hour during the early part of the evening his wife alone was at his bedside.

Toward the end Stolypin suffered greatly. He groaned incessantly and threw himself about on the couch on which he lay. Finally the heart action became weaker and as the body grew cold the Premier realized death was overtaking him.

##### Given Church's Blessing.

At a lucid interval a priest administered extreme unction. The metropolitan flanked and consoled him in the last moments. Frequently he called out: "Give me the letter. Take it away. Give me a red pencil. Lift me. Light up."

Half an hour before his death Stolypin asked the doctors to turn him on his side. He died surrounded by several of his relatives and state officials.

### MAINE IS WET BY 26 VOTES

Augusta, Maine, Sept. 18.—Complete official returns from the special election last Monday, when Maine voted on the question of repeal of the constitutional prohibitory amendment, as canvassed by the governor and council tonight showed a majority of 26 votes in favor of repeal.

Various discrepancies were found in the official returns as compared with the tabulations compiled by the Secretary of state's office.

The latter indicated a majority for repeal of 136.

Some doubt still remains as to the correctness of the returns and Gov. Plaisted announced that the city and town clerks would be given twenty days to check the results.

The total vote of the state as shown by the official figures tabulated tonight is as follows: For repeal 60,487, against repeal 60,461; majority for repeal 26.

The council adjourned tonight to meet tomorrow morning.

### J. F. FLOYD CONTRACTS PURCHASE OF TWO FIRE INSURANCE AGENCIES

Tupelo Banker Resigns Position, Removes to Ada and Enters Fire Insurance Business.

Mr. J. F. Floyd, who for several years has been the cashier of the First National bank of Tupelo, has resigned such position and removed to Ada where he was formerly engaged with the First National bank. Mr. Floyd is entering the business of fire insurance having contracted for the purchase of the insurance agency of A. H. Constant and the insurance agency of O. B. Weaver.

Mr. Floyd is recognized as a business citizen of more than ordinary ability and is an experienced fire insurance writer. His former favorable Ada acquaintance, with the desirable business connections he is establishing taken with the agencies of the strong old line companies to which he is succeeding argues well that he will be successful in his engagement of the fire insurance business.

The return of Mrs. Floyd, who is remembered as being socially popular among the ladies and within the clubs when in Ada will be welcomed.

#### Kansas Congressman Dies Sunday.

Dodge City, Kan., Sept. 18.—Edmond H. Madison, representative from the Seventh Kansas district in congress, died at the breakfast table at his home here today.

Representative Madison was a sufferer from stomach trouble. At the time of his death he was preparing to accompany President Taft on his tour through Kansas.

Representative Madison was attacked while eating breakfast. Death was almost instantaneous. He died in the arms of his wife.

Representative Madison was one of the best known insurgents in congress. Public attention especially was drawn to him on September 7, 1910, while the Ballinger-Pinchot investigation committee was in session in Minneapolis. Mr. Madison voted with the democratic members to remove Secretary Ballinger from office.

F. C. Krieger may soon become one of the mining kings of Oklahoma. Work has already begun on a shaft on his place near Ravia. Lead and zinc are being sought for.

### NO TOWELS FOR LADIES ON SOUTHERN PACIFIC TRAIN

Houston, Tex., Sept. 19.—Because of an enormous loss in towels by the Southern Pacific last year, women who ride the trains and boats of this company next year will be compelled to furnish their own linen, says an edict recently promulgated in Houston, headquarters of the central division of the Southern Pacific.

Officials say the losses of the road in toweling alone for the year total \$21,000. The shortage is reported as lost toweling, disappearing from women's compartments on trains and boats. In one instance on a transcontinental run a loss of 100 towels was reported.

On the other hand, the towel shortage from men's compartments is insignificant, a situation that may retain company service for the men, while the women travelers will be asked to furnish their own linen.

It is said the order may spread throughout the Harriman system should the venture of the Southern Pacific prove a success.

### MCALESTER MAY MAKE RACE FOR CONGRESS

Oklahoma City, Sept. 19.—While he has made no definite announcement of his intention to enter the race, it is probable that Leut.-Gov. J. J. McAlester will be a candidate for Congress, provided a special session of the State Legislature is not called and the state redistricted.

An amendment to the McCumber bill and removal of all restrictions from the Indian Tribes capable of managing their own affairs, is the platform upon which he would run.

"I am not anxious to become a candidate," said Acting Gov. McAlester Saturday, "but my friends have urged me to announce myself. If I should be nominated and elected, I would go to Congress with the express purpose of lending my support towards a settlement of Indian affairs. I would like to see a repeal of the McCumber bill, which puts certain restrictions on all Indians for 25 years. I think that I am as familiar with Indian questions as anyone in the state and could do some good for Oklahoma along those lines."

"I might become a candidate, provided the state is not redistricted, and I could become a candidate-at-large but I would not consider the question at all if the legislature is called and all congressmen elected by districts."

My friends have been very insistent that I make the race, but I have not said that I would consent to run yet."

### NOTICE!

On Tuesday evening, Sept. 19, at 7:30, at the city hall, W. A. Ward of Chicago will address the citizens of Ada on socialism. His subject will be, "A People Without a Home."

Mr. Ward is the national secretary of the Christian Socialist Fellowship. All ministers and Christians are especially invited. T. J. KEAHEY, Sec'y. Ada Socialist Local.

### \$200 REWARD

Tate Brady for John B. Doolin. Oklahoma City, Sept. 19.—Tate Brady of Tulsa, democratic national committeeman, has come out for Fish and Game Warden John B. Doolin as his successor on the committee, and has sent word to the warden assuring him of active support. A committeeman will be chosen at the democratic convention for the selection of delegates to the national convention, and it is probable that there will be several aspirants for the honor. Mr. Doolin was assistant treasurer of the national committee in 1908.

#### Pioneer Preacher Dies.

Tulsa, Okla., Sept. 18.—Edmon Lavitt, one of the oldest Methodist preachers in the Indian Territory and a pioneer Indian missionary, died at his home in Sperry, a small town near Tulsa, Monday. Lavitt was 71 years old, and was born in Kentucky from which state he immigrated to Indian Territory many years ago.

## THE PASSING OF PUSSYFOOT.

The liquor interests of the United  
States will breathe a big sigh of re-  
lief; Pussyfoot Johnson, the most in-  
veterate foe of illicit liquor dealers ever  
had, has resigned and the bootleggers  
of the Indian reservations in the  
western states hope to have a little  
peace. In a conversation with a rep-  
resentative of the News Special Of-  
ficer Ed Brents confirms the state-  
ment of the daily press that Johnson  
lost out with his superiors because of  
his zeal in carrying out his insti-  
tutions. In his smashing he never  
showed any favors and as a result he  
naturally came into collision with  
men who had a pull with the Wash-  
ington crew. For instance, one man  
in the office of the attorney general  
had also been attorney for the na-  
tional wine growers association. These  
Washington men have made  
life as uncomfortable for Johnson as  
possible, and he has quit the job. Mr.  
Brents expresses regret that Johnson  
will leave the service, for, as he puts  
it, there will never be another like  
him.

President Taft seems bent on talk-  
ing on every subject except his tar-  
iff bill vetoes. Perhaps he is show-  
ing wisdom.

It is stated that Dennis Flynn is  
planning to move from Oklahoma to  
Oregon, seeing that this state offers  
little for an aspiring republican po-  
litician. At all events Jim Harris and  
the pie counter element of the re-  
publican party will feel relieved with  
their most formidable opponent out  
of the way.

About the worst pest we have ever  
met is the fellow with his feelings  
spread all around him ready to be  
hurt and determined to be hurt,  
whether any one has such intention  
or not. If you joke with him, he is  
deeply offended; if you say nothing  
to him he is pained by your coldness  
if you agree with him, he thinks you  
are making fun of him; if you dis-  
agree with his expressed views, you  
are not giving him credit for ordi-  
nary intelligence and sincerity and  
there you are. That fellow is a pest  
that we try to avoid as we would  
the small pox. Better to have him  
take the view that you are a cold  
and unappreciative cuss than to let  
him worry the life out of you relat-  
ing his woes and telling about the  
short comings of his neighbors.

When the Weather Was Cold.  
"I see," said Truthful James, "that  
there is quite an effort being made to

git our people to move up into Brit-  
ish America."

"If they want to know from me  
what I think about it I will say they  
hed better give up the idea uv movin'  
up into that country. That country is  
too blamed cold fur any man to en-  
joy himself in unless he is an Eskimo.  
I spent a winter up there and know  
what I am talkin' about.

"Winter starts up there about the  
first of August and summer don't  
commence till the middle uv the next  
July. It's no uncommon thing up there  
to hev to break the ice in the tea ket-  
tle in order to git a cupful uv bilin'  
water from under the ice. I hev often  
spit chunks uv ice out uv my mouth  
when I was drinkin' bilin' hot coffee.  
"I dug a well 300 feet deep and  
struck a body of ice at the bottom 40  
feet thick. Pumped ice out uv that  
well fur more than a year and melted  
it fur drinkin' purposes. Had a hen  
that hatched out 14 chickens and  
when they come out uv of the shells  
it wuz found that every one uv their  
feet was frozen and we had to knock  
the ice from their bills before they  
could eat food.

"There is a hot spring up there that  
throws out bilin' ice every month in  
the year. A blizzard came a sweepin'  
down from the Hudson bay country  
right in harvest time when the weath-  
er wuz as warm as it ever gits in  
that country. It caught a neighbor uv  
mine who wuz harvestin'. In less than  
half a minute he wuz turned into a  
human pillar uv ice.

"When they got to him he wuz  
stone dead, froze stiff as I said with  
a forkfull uv hay raised about half  
way from the ground to the stack.  
He wuz workin' hard and perspirin'  
freely when the blizzard struck him  
and when they got to him the warm  
sweat wuz still tricklin' down and  
minglin' with the ice in his whiskers.

"Nobody up there thought uv goin'  
in swimmin' without takin' a pair uv  
skates along so as to be prepared to  
skate upon the ice after the refresh-  
in' bath wuz over.

"On one occasion there wuz a revival  
in the Baptist church and there  
wuz a good lot of converts, some-  
thing like 25 or 30. The preacher dipp-  
ed 'em in a pool and they froze stiff  
as fast as they were dipped. It didn't  
seem to bother the pastor none,  
though. He just chuckled 'em up in the  
corner till the ceremony wuz over  
and then thawed 'em out at his pleas-  
ure and let 'em sign the church rolls  
when they come to.

"One feller who had been a tough  
bat fur 40 years before he wuz con-  
verted, the preacher let stay froze up  
for two or three hours; said that he  
thought it would make a better man  
out uv Pete to let him freeze and  
keep him in cold storage fur a spell.  
"There wuz a spoony young couple  
out ridin' when the young feller un-  
dertook to bestow an affectionate kiss  
on the lips uv his honey. That wuz  
where they both made a mistake.  
They froze together and hed to ride  
that way fur 10 miles and then they  
hed to sit with their heads in the  
bake oven fur an hour before they  
come apart. That there country may  
be all right fur such as likes it but  
I don't want no more uv it in mine."

## Oklahoma Will Be Represented.

Colorado Springs, Colo., Sept. 19.—  
Oklahoma is to be represented at the  
exposition of the International Dry  
Farming congress in Colorado Springs  
next month, by a fine exhibit from  
the experimental stations and the dry  
land farms. A letter from James A.  
Wilson, director of the Oklahoma  
agricultural experiment station, to  
Secretary Burns of the congress, dated  
at Stillwater, Sept. 5, says:

"Replying to your favor of some  
days ago, with which you inclosed a  
plat of your exposition building, I  
take pleasure in saying that we shall  
be pleased to be represented at the  
coming exposition and will make an  
effort to exhibit our products of the  
season, grown under very adverse  
conditions as to the supply of soil  
moisture.

"The president of the college has  
authorized me to prepare an exhibit  
for our state fair and see that the  
same is forwarded to you according  
to your directions, which we will  
await at your earliest convenience."

This will be the first time that Ok-  
lahoma has officially participated in

the dry farming expositions, but her  
educators have taken up the work  
this year in earnest. They have em-  
ployed J. E. Payne to conduct dry  
farming experiments, and Dr. J. H.  
Connell of the agricultural college is  
to have part on the dry farming con-  
gress program.

## DANGER IN DELAY.

Kidney Diseases Are Too Dangerous  
for Ada People to Neglect.

The great danger of kidney trou-  
bles is that they get a firm hold be-  
fore the sufferer recognizes them.  
Health is gradually undermined.  
Backache, headache, nervousness,  
lameness, soreness, lumbago, urin-  
ary troubles, dropsy, diabets and  
Bright's disease follow in merciless  
succession. Don't neglect your kid-  
neys. Help the kidneys with the  
safe and reliable remedy, Doan's Kid-  
ney Pills, which has cured people  
right here in this locality.

J. E. Womble, Main St., Sulphur,  
Okla., says: "For four or five years  
I was bothered a great deal by too  
frequent passages of the kidney se-  
cretions and a stiffness in my back.  
I tried one remedy after another,  
but until I procured Doan's Kidney  
Pills a few months ago, nothing  
brought me permanent relief. Since  
taking the contents of two boxes of  
this preparation, my health has been  
better and the kidney secretions  
have been regular in passage."

For sale by all dealers. Price 50  
cents. Foster-Milburn Co., Buffalo,  
New York, sole agents for the United  
States.

Remember the name—Doan's—and  
take no other.

## ODD FELLOWS WILL MEET AT INDIANAPOLIS

Indianapolis, Ind., Sept. 18.—With  
a banquet and exemplifications of de-  
gree team work, the first day of the  
convocation of the Sovereign Grand  
Lodge of Odd Fellows was closed to-  
night. Thousands of Odd Fellows  
from every state in the union and ev-  
ery Province of Canada arrived to-  
day to attend the meetings of the  
grand lodge or the encampment of  
the military branch of the order, the  
Patriarchs Militant, at the state fair  
grounds.

Grand Sire John B. Cockrum of In-  
dianapolis and Former Vice Presi-  
dent Charles W. Fairbanks welcom-  
ed the delegates to the grand lodge  
today and they entered immediately  
upon consideration of proposed con-  
stitutional changes. One most im-  
portant is a recommendation by Mr.  
Cockrum that the office of general  
of the Patriarchs Militant be ap-  
pointive by the grand sire and not  
elective as at present. Friends of the  
present commander of the military  
branch, Gen. M. A. Raney of Mar-  
engo, Ia., are represented as opo-  
sing this change and it is said will  
generally work against efforts of the  
grand lodge to change the adminis-  
tration of the affairs of the Patriarch  
Militant. Gen. Raney presided at a  
meeting of the Patriarchs Militant  
today.

The encampment will continue  
throughout the week.

## Make Your Store Advertising as Much a Fixed Feature of Every Issue of This Newspaper as Is Our Editorial Page

A "feature," or department, of a newspaper wins its readers a few at a time.

Out of thousands who "scan" and "glance at" a store's advertising in this issue, a few hundred will read ALL OF THAT STORE'S ADVERTISEMENT IN THE NEXT ISSUE. But, if that store's advertising does not APPEAR IN THE NEXT ISSUE, this process of winning regular readers is broken up.

It would be so with our Editorial Page. If it did not appear REGULARLY, it would forfeit the interest and attention of MOST OF ITS READERS. And the same would be true of our Local Page, and of other feature of the paper, which build up their circles of readers surely and steadily, issue by issue.

A store's advertising gets to be MOST EFFECTIVE after it has become a REGULAR FEATURE of the paper, gaining with EVERY ISSTE new "regular readers," AND HOLDING THOSE GAINED by making the store news really important to them.

This Is the Law and "Secret" of Store-Advertising Success-- ALL OF IT!

## Negroes Driven from Verden.

Chickasha, Okla., Sept. 19.—Several  
years ago the people of Verden vowed  
they would not allow negro laborers  
to be brought in by the farmers un-  
der any circumstances. Two negroes  
were discovered to be working on the  
farm of Henry Steinmiz, and neigh-  
bors promptly posted a sign to the  
effect that it would not be healthy  
for the negroes to continue at work.  
They took the hint and left immedi-  
ately. Steinmiz offered the excuse  
that he could not get other labor.

**TO KILL THE DANDRUFF GERM.**  
 Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

## OSLER RIGHT; YOUTH SUCCEEDS AGE

Gray Hair Is First Sign of Age. Harmless Remedy Restores to Natural Color.

Osler isn't the only man who turns down old age. In the business world the "young man" is always the one who picks the plums. It is an age of "new thought," "new talent," etc., and the old man is passed by in the race. One of the first signs of coming age is the appearance of gray hairs. When you see them, act promptly. Wyeth's Sage and Sulphur Hair Remedy will correct this sign, which so often deceives people into thinking that age is really upon them. It is a well-known fact that Sage and Sulphur will darken the hair. Wyeth's Sage and Sulphur combines these old time remedies with other agents, which remove dandruff and promote the growth of the hair.

The manufacturers of this remedy authorize the druggists to sell it under guarantee that the money will be refunded if it fails to do exactly as represented.

Don't look old before your time. Get a bottle of Wyeth's Sage and Sulphur today, and see what an improvement it will make in the appearance of your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.

## PRICE OF COTTON STILL FALLING

The cotton market seems to have struck the toboggan today, the price dropping until it has ranged from 11c to 11.25. Seed cotton has brought from 3.60 to 3.65. Seed has been selling at \$16.

At 3 o'clock the receipts for the season were 1,239 bales. Seventy-two bales had been brought to the yard since morning. Yesterday's receipts were 137 bales, and for Saturday 146.

**Announces for Congress.**  
 Oklahoma City, Ok., Sept. 19.—State Senator J. B. Thompson of Pauls Valley today authorized the announcement that he would be a candidate for congressman at large in event the state was not redistricted, and if it is redistricted he will be a candidate from the Pauls Valley district. This is the first official announcement to be made for the 1912 congressional race. Under the apportionment Oklahoma is entitled to eight members of the lower house. Senator Thompson was chairman of the democratic state committee during the first and second state elections and was then elected a member of the senate from the Pauls Valley district.

# S.S.S. A BLOOD MEDICINE FOR YOUNG OR OLD

The majority of human ailments are caused by impure blood, because weak, polluted blood deprives the system of its necessary strength and disease-resisting powers. Children do not develop perfectly, nor are they strong and robust unless the blood is pure and strong, while old people are afflicted with Rheumatism and other chronic troubles because of a weakened circulation. S.S.S. cures every ailment which comes from impure or diseased blood, it tones up and regulates every portion of the system and creates an abundant supply of nourishing properties with which to build up the blood. S.S.S. is made entirely of healing, strengthening roots, herbs and barks, absolutely free from harmful drugs and minerals, and is therefore the purest and safest blood medicine for young or old. S.S.S. cures Rheumatism, Catarrh, Sores and Ulcers, Skin Diseases, Scrofula, Malaria, Blood Poison, and all other blood disorders. Book on the blood and any medical advice free. S.S.S. is sold at drug stores.

## ENROLLMENT OF NORMAL 200

The normal opened its second week with an even 200 students enrolled. About 150 of these are from Pontotoc county and the remainder from every quarter of the state, and a few from other states.

Indications are that the Ada school now ranks second in point of attendance among the normal schools, only Edmond being in the lead. At all events, it does not rank below third. This condition is most gratifying to the faculty and friends of the school and presages a successful year's work.
